Masonry Institute of Michigan, Inc.

**Savin Wycoff Phillips wins "M Award"
for World Camera & Sound Building**

"All masonry design...neat, economical. A highly functional and useful expression in masonry."

—John A. Holabird, FAIA
Chairman, Awards Jury

The outstanding use of concrete masonry in a curved-wall design for the World Camera & Sound retail sales building in Livonia earned for Savin Wycoff Phillips, Inc., of Southfield, an "M Award" in the first annual masonry design competition co-sponsored by the Masonry Institute of Michigan and the Michigan Society of Architects. In all, four architects and their projects were so honored by a distinguished panel of Chicago architects who judged the competition. The last of the 1975 winners will be featured here next month. Details of the 1976 competition will be announced in the July issue.

MSA LEGISLATIVE BREAKFAST

The MSA Legislative Breakfast in Lansing was well attended and successful for those who participated. Copies of the MSA Position Papers were made available to the Senators and Representatives in attendance with a good exchange of ideas as a result.

As there were no architects from Ann Arbor, Jackson or Midland at the Breakfast, Legislators from these districts were inquiring for their constituents. This was an opportunity for the entire profession in Michigan that was missed for lack of interest and 'let George do it attitude'. George didn't do it!

Jim Karoub, MSA lobbyist was exceedingly helpful in making introductions and arranging appointments.

MSA LEGISLATIVE BREAKFAST

Michigan Society of Architects members who attended the Legislative Breakfast on Thursday, April 8, in Lansing are:

Maurice Allen, AIA, Birmingham, Evie Asken, AIA, Kalamazoo, Dick Baker, Kalamazoo, Francis Bartlett, AIA, Rochester, Gordon Belson, Battle Creek, Robert Bell, AIA, Traverse City, Chase Black, AIA, Battle Creek, Roger Boe, AIA, Detroit, Paul Bowers, AIA, Grand Rapids, Gordon Bugbee, AIA, Birmingham, John Crouse, AIA, East Lansing, Harold Cunningham, AIA, Grosse Pointe, Bernard DeVries, FAIA, Muskegon, Eugene DiLaura, AIA, St. Clair Shores, Paul Engle, AIA, Detroit, Robert Greager, AIA, Detroit, Bill Graheck, AIA, Traverse City, Lyn Graziani, AIA, Grosse Isle, Jim Hackenberger, AIA, St. Clair Shores, Fuad Hassan, AIA, Holly, Dennis Haugen, AIA, Flint, Edward Jackson, AIA, Lansing, Bill Jarratt, FAIA, Farmington, John Jensen, AIA, Flint, Joe Joachmin, Birmingham, Bill Kane, AIA, Lansing, Judson Jones, AIA, Grand Rapids, Jim Kinville, AIA, Avon Township, Charles McCafferty, AIA, Grosse Pointe, Bernard Mayotte, AIA, East Lansing, Art Nelson, AIA, Saginaw, David Oeming, AIA, Saginaw, Virginia Pinnell, AIA, Detroit, Richard Prince, AIA, Kalamazoo, David Pyle, AIA, Kalamazoo, Fred Renaud, AIA, Grand Rapids, Dan Redstone, AIA, Detroit, Clarence Rosa, FAIA, Lansing, Tom Sedgewick, FAIA, Flint, Bruce Smith, FAIA, Birmingham, Robert Smith, AIA, Lansing, Rodger Stroop, AIA, Grand Rapids, Dale Suomela, AIA, Flint, Eugene Terrill, AIA, Flint, William Thrall, AIA, Grand Rapids, Jim Tomblinson, AIA, Flint, Robert Tower, AIA, Kalamazoo, Tom Wheat, Birmingham, Tom Wickle, AIA, Detroit.

Senators who attended were: Sen. Daniel Cooper, Oak Park, Sen. Anthony Derezinski, Muskegon, Sen. Michael O'Brien, Detroit, Sen. Joseph Snyder, St. Clair Shores, Sen. Robert VanderLaan, Grand Rapids, Sen. John Welborn, Kalamazoo.

Representatives who attended were: Rep. Thomas Anderson, Southgate, Rep. Dan Angel, Marshall, Rep. Connie Binsfeld, Maple City, Rep. Wilbur Brotherton, Farmington, Rep. J. Michael Busch, Saginaw, Rep. Martin Buth, Rockford, Rep. Bobby Crim, Davison, Rep. James Defebaugh, Birmingham, Rep. Daisy Elliott, Detroit, Rep. Colleen House Engler, Bay City, Rep. John Engler, Mt. Pleasant, Rep. Edgar Fredericks, Holland, Rep. Robert Geake, Northville, Rep. Edgar Geerlings, Muskegon, Rep. Quincy Hoffman, Applegate, Rep. Thomas Mathieu, Grand Rapids, Rep. John Maynard, St. Clair Shores, Rep. Lucille McCollough, Dearborn, Rep. Ruth McNamee, Birmingham, Rep. Matthew McNeely, Detroit, Rep. Ernest Nash, Dimondale, Rep. Ralph Ostling, Roscommon, Rep. Stanley Powell, Ionia, Rep. Paul Rosenbaum, Battle Creek, Rep. Harold Scott, Flint, Rep. Alfred Sheridan, Taylor, Rep. Jelt Sietsema, Grand Rapids, Rep. Roy Smith, Ypsilanti, Rep. Stephen Stopczynski, Detroit, Rep. Claude Trim, Davisburg, Rep. Robert Welborn, Kalamazoo, Rep. Howard Wolpe, Kalamazoo.

FROM THE PRESIDENT . . .

MSA is exciting, MSA is doing things, MSA is on the road to new adventure, and MSA is you! But are you really MSA or are you an observer, hoping that someone else will take your good ideas and implement them? Are you letting someone else do your share of the work--? Being an involved participant of MSA is a very exciting experience.

The MSA has had a new beginning. It started with last year's Board and the decision to have a management audit - the audit shed new light on many things and we are responding to it. This year's Board is off to a great start and many people are responsible.

Paul Bowers of the Grand Valley Chapter had already done a great job. His Government Affairs Committee has initiated actions that will be beneficial to the professionals for many years - included in these were the beginning of MSA Position Papers dated April 2, 1976, and bringing Jim Karoub on board as the MSA Lobbyist. You will hear from this Committee and you will be asked to help. Member Bob Bell of Traverse City and Bob Tower (our current Past-President) working with the State Housing Authority have taken giant steps forward - and you will hear more about that - later.

Art Nelson of the Saginaw Valley Chapter has taken the helm of the Membership Committee, and I urge those Chapter Presidents who have not responded to Art's request do so immediately. It is only in working together that we will be able to move at all, let alone, reach any goal. Gene Terrill from Flint is working hard in establishing a Continuing Education Program that is meaningful and he too, needs your help. All Chapter Presidents are urged to respond to this

program within the scope of Gene's request. We must not look lightly on the Continuing Education Program and how it will relate to all members -- This program will, as I've said previously, benefit the individual and the firm involved. More about other Committees and their work later.

In the meantime -- there are many things happening and many things to be done -- Again, I ask . . . Are you really MSA or just an observer ? ? ? Tell your Chapter President or Director that you want a piece of the Action-----!

Gene DiLaura, AIA

LEGISLATIVE LOG

The MSA Position on Land Use was distributed to all members and to the legislators who attended the Legislative Breakfast on April 8. The MSA position is as follows:

LAND USE

"The MSA in accordance with a growing need to address the issues of protecting our critical resource and historic areas, supports the Michigan House Substitute Bill No. 4234, known as the "State Land Use Planning Act. The MSA and the AIA have supported the need for more effective means for providing for needed growth and/or change in an orderly, efficient manner while protecting vital natural resources and historic areas. This was detailed in the AIA's sweeping report on growth control entitled Strategy for Building a Better America which was published in 1972.

The proposed Michigan House Substitute Bill 4234 provides important steps toward dealing with needed land use control and management. While it is recognized that the full range of necessary measures will only develop through experience and carefully conceived programs, the framework which the proposed bill provides is an important step forward."

Objections to the position have been sent by Mid-Michigan Chapter Member John Crouse, AIA for the following reasons:

1. While generally speaking of addressing only areas of special land identified as "essential areas", the state guidelines could easily be interpreted as including almost the entire state, depending on the interpreter's point of view.
2. Assuming that only 20% of the land area were classified as "essential" or "critical" or whatever, for this commission to adequately do its job would seem to me to require a bureaucracy that would make any we now have pale into insignificance.
3. The average land owner in Michigan does not have the vaguest concept of the consequences of this act. To suddenly find out that someone in Lansing has decided he can not dispose

of his land in his best interests for what he considers to be vague and unjust reasons could cause dire repercussions and further deterioration of the general public's attitude toward government in general.

4. Almost everyone except a few die-hards are now realizing that our state is not only discouraging expansion of commerce and industry, but actually driving these concerns (our clients) out of the state. The vague and dictatorial aspects of this bill will certainly increase this problem.

Gene*, I know of very few people who are against land use planning it is sorely needed. The proposed bill is a bad one in my opinion. Bad for the state and bad for the profession. The last thing we need is another level of approval bureaucracy we have to go through only to find it vetoed by someone with broad powers and little knowledge. What we should be supporting is a funding allocation for a blue ribbon team of professionals with guts enough to sit down around a map of Michigan and determine the exact areas are identified, the state could then go to the people, fight the battle and pass a law protecting those specified areas. This could then be administered by a very few number of bodies and everyone would know precisely where they have to keep their hands off.

I urge the M.S.A. board to withdraw their support of this bill and develop a policy along the general lines I have sketched.

We have also received opposition from Senator Jack Welborn from the 21st senatorial district serving Cass County, City of Kalamazoo. His letter is published below.

TO: Evie Asken, Architect
Robert Tower, Architect
Dick Prince, Architect
David Pyle, Architect

FROM: Senator Jack Welborn

I enjoyed our breakfast discussion this morning, and appreciated the opportunity of going over many issues with you. As I stated this morning, I'm very surprised that your Association is supporting House Bill 4234, the State Land Use Planning Act.

I find it hard to believe that an industry that has been depressed because of the economy would support legislation, which in my opinion will further depress the construction industry. I know of many businesses and industries that have purchased land for future expansion, but if the State Land Use Planning Act goes into effect, they will not be able to use it.

I believe in zoning, and I believe in planning at the local level, but there is no way I can support the State taking over this process. It is my feeling that enactment of measures

*Editors Note: Reference to Gene refers to Eugene DiLaura, AIA, MSA President.

of this kind will further depress the building industry, create unemployment, increase consumer costs, duplicate existing governmental regulations and controls, increase the cost of state government, discourage business and industrial expansion, and place further bureaucracy and red-tape on all Michigan citizens.

I think your association needs to fully evaluate the implications of this bill.

Thanks again for the breakfast. I'm enclosing a copy of a recent press release regarding revisions in the Single Business Tax.

The Land Use question has been debated in the House as recently as April 8 and has failed for a second time. There was no discussion time allowed for HB 4234 and it was defeated 9-7. Opposition is coming from Representative and Chairman of the House Appropriations Committee Dominic Jacobetti (D-Nagaunee) and Senator Joe Mack (D-Ironwood) both Governor Milliken and Speaker Bobby Crim (D-Davison) have lobbied in favor of HB 4234. This will again be reconsidered after the Easter vacation recess for the Legislature.

If enacted, the bill would create a state land use commission to coordinate local use plans and write use rules. The MSA Legislative Committee would like to know what your position on Land Use is -- please write to Legislative Committee, MSA, 28 West Adams, Detroit, Michigan 48226.

MSHDA

Several months ago the MSA Newsletter published an item for the Michigan State Housing Development Authority which stated the Housing Authority was interested in hearing from architects who wanted to work with the authority. As you are probably aware this information was incorrect. The MSA at the request of the Housing Authority will keep this list of architects. Please complete the form below and return to MSA, 28 West Adams, Detroit, Michigan 48226.

AIA DUES DEADLINE

This is a reminder for all members that National AIA Dues are to be remitted prior to August 31, 1976.

GOVERNOR MILLIKEN TO APPOINT PANEL TO APPOINT PANEL TO MONITOR BUSINESS TAX

A panel will be appointed to monitor the impact of the new Single Business Tax and recommend any needed changes. Milliken further stated the panel will use economic analysis to study the tax, and will get all complaints regarding the tax.

CAPITOL BRIEFS

* The Aeronautics Commission has approved \$4.2 million in projects at 11 airports.

* Representative DeForrest Strang (R-Sturgis) said he will not run for office after serving in the House for 10 years.

* Governor Milliken has announced the establishment of an Energy Administration to be headed by Deputy Commerce Department Director Michael Dively. The Administration will be charged with developing recommendations on a Michigan Energy Act within 45 days from April 1, a state energy policy goal by July 1 and an energy conservation plan by October 1. The Energy Administration will be funded by federal monies.

* Landscape Architect registration examinations are set for June 14-16 and community planner registration tests for June 24 and 25 at MSA.

* Governor Milliken approves HB 5385 providing an exemption from the use tax only for nonprofit housing qualifying under the State Housing Development Authority Act.

* HB 5850 introduced by Michael Novak (D-Detroit) prohibits erecting certain billboards beyond 660 feet of the nearest edge of highway right of way.

* HB 4428 introduced by (Siestsema) requires disclosure of ownership interests in nursing homes (House grants Senate request for return of bill). This has been conferred in the Senate on April 8.

* SB 1258 introduced by (Kramer - D-Pontiac) and passed March 31. creates land acquisition fund from royalties and leases for removal of oil and gas from certain state lands.

* SB 1424 Architect Liability has been introduced by John Toepp (R-Cadillac) which lowers the statute of limitations from 6 to 4 years for architects and professional engineers after discovery of alleged defects or improvement and not in any case more than 10 years after the completion of construction of the project or improvement. This bill is in the Judiciary Committee Chaired by Basil Brown (D-Highland Park), Anthony Derezinski (D-Muskegon), Patrick McCollough (D-Dearborn), Donald Bishop (R-Rochester) and Hal Ziegler (R-Jackson).

MACKINAC TIME

Plans for this years 33rd Annual Midsummer Conference on Mackinac Island are well under way. Our MSA President has asked that this years conference be the best ever and no effort is being spared to make it happen that way.

The Children's activities will be handled by Joyce and Dean Davenport again this year. They seem to have a knack for keeping the kids busy, happy, out of their parent's hair, and turning them into Mackinac's biggest supporters.

Gene and Jean Terrill will work with the Davenports on the Children's activities and are planning the Friday Family Night. Last year we had enough prizes that almost every family was a winner.

Through the graces of Governor and Mrs. Milliken, Jean Terrill and Jan Boe will host a tea on Friday this year at the Governor's Mansion.

Adam DeMartino, Bob Foster, Tim Mason, and Vic Specht are still in the business of golf, tennis, prizes, and host of other activities. Without their efforts, year after year, Mackinac would not be Mackinac.

As our concession to the Bi-Centennial and why not, we've waited 200 years, the committee is planning a "SPECIAL" Saturday night. In the tradition of the Grand Hotel and the precedent of 32 years of Midsummer Conferences, this night may be the grandest ever.

In all this is likely to be the best Midsummer Conference ever. For those who have been "regulars" and those who have been thinking of coming for the first time, this will be the year to attend.

As in the past, the MSA has always made arrangements with the hotel to reserve enough rooms for us. Since reservations are made on a first come-first served basis and cannot be held beyond a certain date, there are always a few that come up short. Make your reservations as soon as the reservation forms are available.

In behalf of the committee, we look forward to seeing you at Mackinac.

Roger W. Boe, AIA
Chairman

PUBLIC HEARING ON ENERGY CONSERVATION IN BUILDINGS

There will be a public hearing on the proposed rules for Energy Conservation in New Building Design for Michigan at 10:00 A.M., May 10, 1976 in the Roy T. Manty Conference Center, Baker Olin West Building, Room 1 B, 1 C and 1 D, First Floor, 3423 North Logan, Lansing, Michigan.

RECEPTION AND AUTOGRAPH PARTY

AIA members and their wives are invited Wednesday, May 19, 5:30 p.m. - 8:00 p.m. by the Manufacturers National Bank at 411 W. Lafayette, Detroit to a champagne reception to mark the publication by McGraw-Hill of Louis G. Redstone's new book: The New Downtowns.

The book serves as a practical guideline for the rescuing and revitalizing the downtown business districts. It presents actual case studies of over fifty cities, large and small, in the U.S., Canada and various parts of the world, which are successfully in the process of being implemented in the '70's.

Also included are a number of preservation and restoration examples of historic buildings in the business districts.

DETROIT CHAPTER FELLOWSHIPS

Members of the Detroit Chapter elected to the College of Fellows of the AIA for 1976 are Edward Francis, William Lyman and Jay Pettitt.

The Chapter committee on Fellowship nominations is currently reviewing possible nominations for 1977 submissions and Chairman John Haro can be reached at 964-3000.

CAREER DAY BOOK

The MSA has a new book "What Can She Be? An Architect" which is great for elementary School career days.

Give Julie a call and she will reserve the book for you on a free loan basis.

LIT GRANT PROGRAM

The Student Chapter/AIA Grand Program at LIT is the first National SC/AIA Chapter to have its own Grant Program for it's membership. Winners were: 1st - Dennis Dinoff, A study of Downtown Brighton \$200.00; 2nd - Chris Easman, Solar Energy \$200.00; and 3rd - David Perkins, Municipal Building City of Inkster \$100.00. Jury members were: Lyn Graziani, AIA, Peter Tarapata, FAIA and Bill Demiene, AIA.

BILLS TO REPEAL LICENSING

* SB 1420 repeals licensing and certification requirements of professional Community Planners and SB 1421 repeals licensing and certification requirements of landscape architects. Both of these bills were introduced by William Faust (D-Westland) Chair-

man of the State Affairs Committee. Governor Milliken had a special Task Force set up last July to review the whole licensing procedure, this is probably a reaction. The MSA will offer support to the Planners and Landscape Architects - your help will also be appreciated by contacting your legislators or members of the State Affairs Committee: Michael O'Brien (D-Detroit), Arthur Cartwright (D-Detroit), Gary Byker (R-Hudsonville) and Robert Vanderlaan (R-Grand Rapids).

The State Affairs committee where these bills are being reviewed will probably start public hearings in September.

* SB 322 introduced by Jerome Hart (D-Saginaw) passed the Senate 34-0 which will update the licensing requirements for certified public accountants as well as continuing professional education for accountants. The measure provides a clear definition of public accounting services with emphasis on financial reporting to the public. Additional provided is a distinction between granting of the lifetime CPA certificate upon compliance with education, examination and experience requirements and issuing an annual license to those CPA's who seek to practice public accounting, upon satisfying certain continuing professional education requirements. Retained from the present licensing act are provisions guaranteeing those who are not CPA's the right to do business while clarifying that any person desiring to practice public accounting, as defined by the bill, must be a duly licensed CPA.

* HB 4731 providing for licensing of assistant physical therapists passed the Senate on April 7. This bill originated with Representative Roy Spencer (R-Attica).

STATE OF MICHIGAN -- BARRIER FREE DESIGN REQUIREMENTS UPDATE

Submit Drawings and Specifications for review, as follows:

A. All state-owned or state-leased facilities:

Mr. Neil E. Decker, Review Officer
Department of Management and Budget
Bureau of Facilities
Construction Division
131 Stevens T. Mason Building
Lansing, Michigan 48913
517/373-8717

B. All school projects: (Kindergarten through 2-year Junior Colleges, except administrative facilities at institutions of higher education. Also includes instructional facilities at private 4-year Colleges.)

Dr. Lloyd E. Fales, Supervisor
School Plant Planning
Department of Education
P.O. Box 420
Lansing, Michigan 48902

Office location: 1116 1/2 S. Washington
Avenue
Lansing, Michigan 48902
517/373-3342

C. All other projects, public and private, which are used by the general public:

1. Submit documents to local (City, Township or County) building authority.
2. If no local building authority, or if local building authority has optioned not to enforce the State Construction Code, submit documents to:

Mr. Charles V. Opdyke, AIA
Chief, Plan Review Division
Bureau of Construction Codes
Department of Labor
Michigan Secondary Complex
7150 Harris Drive
Lansing, Michigan 48926
517/373-8407

Procedure for requesting deviation from the established rules and regulations:

Any such request may be granted only by an appeal to the Barrier Free Design Board of the State Department of Labor.

Submit all requests to:

Dr. Herbert R. Mueller, Chairman
Barrier Free Design Board
Construction Code Commission
Department of Labor
Michigan Secondary Complex
7150 Harris Drive
Lansing, Michigan 48926
517/373-8407

DOCUMENTS

The AIA Task Force on Project Management Systems have published a booklet "Project Delivery Approaches, And AIA Guide." This document has been written primarily for architects but should have significant value for all other segments of the construction industry. It is essentially a primer and is planned as the nucleus and framework for AIA development of a series of studies and guidelines that will further assist the architect in understanding, participating in, and providing leadership for responsive and creative project delivery approaches.

For your copy contact Julie at Headquarters. Copies are \$3.60 and include tax and delivery.

xxxxx

The AIA has also published a new booklet "State Housing Finance Agencies: An Overview" by Richard N. Tager, Esq. This report discusses the organization and program activities of Housing Finance Agencies. To obtain your copy send \$2.00 to Headquarters (this covers tax and delivery) to Julie's attention.

LIT SPONSORED BIKE TOUR

On Saturday, May 15, 1976 the LIT Student Chapter will sponsor a bike tour in downtown Detroit which will feature nine historic churches on Woodward Avenue. A total of four miles will be on the tour. The group will meet at Kennedy Square at 12:30 P.M. For information and reservations contact LIT Student Chapter, AIA at 356-0200 ext. 31.

"REDLINING" LEGISLATION GETS FIRST URBAN
AFFAIRS LOOK

Democratic Representative George
Cushingberry (D-Detroit) and Perry Bullard

(D-Ann Arbor) agree and have introduced ten (10) bills requiring financial institutions to disclose leading practices and stop geographic loan discrimination.

Redlining is generally understood to be refusal or reluctance to grant mortgages on any homes within an older, declining neighborhood which the lending firm may have circled on its maps.

Committee Chairman William Ryan (D-Detroit) said loan practice legislation is second best to prohibition laws but that no one knows yet exactly what practices constitute redlining.

Ryan stated that some of the bills introduced on financial institutions could be passed this year - to date this is still in the Urban Affairs Committee with no immediate date of release.

The Bullard measures are HBs 5765, 5766, 5767 and 5768. Cushingberry's are HBs 5771, 5772, 5773, 5774, 5775 and 5776.

DETROIT CHAPTER, AIA PROGRAM SCHEDULE

A schedule of meetings for the membership of the Detroit Chapter, AIA, has been set for the remainder of the year 1976.

Dates will be established based on availability of materials to be used in the meetings and timeliness of the subject matter as in the Legislative programs.

May 18 A tour of Renaissance Center
Detroit Plaza Hotel

4:00 P.M. Meet at the West End
of East Berm

Cocktails on site. Bring your
own Hard Hat. Meeting charge -
\$ 4.00. Limited reservations.

May 25 Construction Management Seminar -
See ad this issue.

June 23 SH&G Solar Trip 5:00 P.M.

Visit the Collector on the roof
and get a first hand discussion
of the workings from the SH&G
experts. 455 West Fort Street.
Park next door.

July Document Review New A 201 General
Conditions of the Contract.
Jerry Shea, AIA, Chairman of the
National Document Review Board
will explain in detail this new
version of A 201. Copies of
the Document will be available to
those attending the seminar.

Two locations will be scheduled -
don't miss this one. Watch the
Newsletter for time, dates, and
places.

- August 5-7 Come to Mackinac - Annual MSA Mid-Summer Conference.
- August 19 Meet with Anthony DeVito, Director, Detroit City Planning Commission at Harmony Park at the Harmony Club/
- September Legislative Lunch with Paul Bowers, AIA, MSA Vice President and Jim Karoub.
- Bring your legislator and come to lunch to hear about the MSA Legislative Program. Paul Bowers MSA Vice President and Jim Karoub, MSA Lobbyist will discuss the MSA position on Land Use, Statute of Limitations, Professional Liability and Fees for State Work. Location and date will be announced.
- October 13 Annual Meeting and Election of Officers.
- Come to this and sign up for a committee, air your gripes and meet some of our new members. Vote early and often for the candidate of your choice.
- October 20-22 MSA Annual Convention - Come to Lansing.
- November 4 How to Select, Negotiate and Work with your Advertising Agency!
- November 16 Len Rolston - 'Whats Right With Detroit' Luncheon Meeting.
- December 19 10th Annual Detroit Chapter Honor Awards Banquet. SaVoyard Club in the Buhl Building, Downtown Detroit.

TRANSFER

Fred L. John, AIA, of the Detroit Chapter has transferred his membership to the Dayton, Ohio Chapter.

LETTER

Dear Ann:

Pursuant our telephone conversation of this date, please find enclosed write-up copy pertaining to my "unretirement" - a word I like to use - even if it does not exist.)

Thanks to your advice, I am now in my third week of re-employment. I find the assignment challenging and very interesting. Also, I sleep well at nights.

Hoping this finds you in the best of health and spirits, and again thanking you for your kindness, I remain

Cordially yours,

Louis J. Blume AIA (E) CSI
Director of Architectural Specifications
Services

P.S. Please note - I am starting a new career as an industry member of Construction Specification Institute.

LETTER

Mr. Paul D. Bowers, Jr., AIA
Vice President, MSA

Dear Mr. Bowers:

Please convey to the members of the Michigan Society of Architects my pleasure in joining them for a buffet breakfast last Thursday at the Olds.

The informal discussion with architects from my district was helpful and enjoyable.

I believe it was an appropriate occasion for all of us to get to know Jim Karoub a bit better, and I am confident that Jim will do an excellent job for the architects of the state as he is thoroughly familiar with the legislative process and well respected here at the Capitol.

I enjoyed meeting and talking with you, and please be sure to let me know if there is anything I can ever do for members of the Michigan Society of Architects.

Sincerely,

Ruth B. McNamee
State Representative
